

Proposals to make minor amendments or no changes to 15 ACOPs

The Health and Safety Executive (HSE) is proposing that work in relation to the following set of ACOPs would be completed by end of 2014.

As a member of the British Safety Council, you may also wish to share your views on this consultation with us by completing our [online survey](#). Closing date is Friday, 24 August 2012.

You may provide direct comments to HSE on each of the identified ACOPs.

2.1 Diving

Proposal: To update and revise the following five diving ACOPs:

- L103: Commercial diving projects offshore
- L104: Commercial diving projects inland/inshore
- L105: Recreational diving projects
- L106: Media diving projects
- L107: Scientific and archaeological diving projects

You may choose to comment directly to HSE on these five ACOPs by clicking [here](#).

2.2 Work equipment

Proposal: To update and revise these three ACOPs:

- L22: Safe use of work equipment
- L112: Safe use of power presses
- L114: Safe use of woodworking machinery

You may choose to comment directly to HSE on these three ACOPs by clicking [here](#).

2.3 Lifting equipment

Proposal: To update and revise this ACOP

- L113: Safe use of lifting equipment

You may choose to comment directly to HSE on this ACOP by clicking [here](#).

2.4 Confined spaces

Proposal: To update and revise this ACOP

- L101: Safe work in confined spaces

You may choose to comment directly to HSE on this ACOP by clicking [here](#).

2.5 Pressure systems

Proposal: To update and revise this ACOP

- L122: Safety of pressure systems

You may choose to comment directly to HSE on this ACOP by clicking [here](#).

2.6 Hazardous substances – production of pottery and lead at work

Proposal: To update and amend these two ACOPs:

- L60: Control of substances hazardous to health in the production of pottery
- L132: Control of lead at work (Third edition)

You may choose to comment directly to HSE on the ACOP for pottery production by clicking [here](#); and for the control of lead at work [here](#).

2.7 Quarries

Proposal: To update and revise this ACOP

- L118: Health and safety at quarries

You may choose to comment directly to HSE on this ACOP by clicking [here](#).

2.8 Worker involvement

Proposal: No change to this ACOP is proposed at this time

- L146: Consulting workers on health and safety

You may choose to comment directly to HSE on this ACOP by clicking [here](#).
